Questions for discussion: How do you think the little girl is feeling at the beginning of the film? How do you know this? Why do you think she might be feeling this way? How is she feeling after she has found the bottle of bubbles? How do you think she is transported to the different places? Why do you think she leaves the bottle of bubbles on the sand for the other little girl? How did she feel about doing this and what makes you think this?

Task 1:

Write a diary entry pretending to be the little girl which explains why she is walking along the beach feeling unhappy.

Task 2:

Write a poem with the title: 'Bubbles'

Task 3:

Imagine that you are transported to another world when you find a bottle of bubbles. Plan and write a story about your adventure in this world.

Task 4:

Can you think of a time when you saw somebody unhappy and you helped them? Describe what happened.

Task 5:

Think about a day on the beach (real or made up). Describe your day in detail. What did you do and see? Who did you go with? Did anything unusual or exciting happen?
